

ELECTRIC BEVELER

The Electric Beveler EB 24 comes with an AC induction motor which offers longer durability and lower noise, as well as its high torque. The milling angle is adjustable progressively from 15° to 60° with a maximum land width of 23 mm. With weight only 19.3 kg, its very handy, compact and robust design allows for easy handling and convenient operation

Model	EB24	
Power Input	1100W	
Voltage	110-120V~ 50-60Hz, 220-240V~ 50-60Hz	
No Load min ¹	60Hz: 3600, 50Hz: 3000	
Angular Adjustment	60 Deg.	6.5mm
	45 Deg.	11.5mm
	37.5 Deg.	9.5mm
	30 Deg.	7mm
	15 Deg.	3mm
Dimensions	475mm x 296mm x 247mm	
Net Weight	19.3 kg (42.46 Lbs)
